

## **MASTER OF ARTS IN PROJECT PLANNING AND MANAGEMENT (MAPPM)**

### **Programme Description**

The programme aims at providing participants with knowledge and skills necessary for effective performance in the role of project manager. It adopts a generic approach to project management and is designed for projects in construction and engineering, events management, research and development, community services, trade, tourism and agricultural projects. The programme consists of 15 compulsory taught courses while the second part will involve a project in form of a Dissertation Writing.

The Master's degree in Project Planning and Management is designed for graduates of any field of study. It provides participants with the opportunity to study project planning and management at a broader and advanced level. Special emphasis is placed on both the practical and theoretical aspects of the discipline. The course is suitable for all people working in all organisations specifically Public Service, NGOs, and Private Sector Organisations.

### **Overview**

Master of Arts in Project Planning and Management (MAPPM) is a two-year Programme. The programme consists of Course works, Examinations and Research and all courses are compulsory to all students. This programme is taught through a blended mode of learning (its taught through both online and face to face classes).
